Final Terms

1. Product Description

Product Category/Name

Participation Product/Tracker Certificate (1300, according to the Swiss Derivative Map provided by the Swiss Structured Products Association)

Regulatory Notification

This product does not constitute a collective investment scheme within the meaning of the Swiss Federal Act on Collective Investment Schemes (CISA) and it is not subject to authorisation or supervision by FINMA. The issuer risk is borne by investors.

Investment Profile	The composition of the Underlying of this structured product is managed **dynamically** and **discretionary** over the course of its term. The structured product is based on an actively managed pure equity portfolio that is always fully invested and exclusively long. It focuses on globally active companies with a clear link to artificial intelligence technology – in particular adopters, enablers and innovators. The portfolio is broadly diversified across regions, sectors and market capitalisations.The underlying is managed dynamically and on a discretionary basis by the Investment Manager throughout the product's lifetime. Stock selection is based on an internal model that combines quantitative indicators (including growth, profitability, balance sheet quality, liquidity, valuation) with qualitative factors (such as market position, innovation strength in the AI field, management quality and sustainability of the business model). The objective is to achieve an attractive risk-adjusted performance through the focused selection of AI-related companies. FX risks may be hedged at the Investment Manager's discretion via daily rolling FX forwards. Further information about the investment strategy – if available – can be obtained free of charge from Zürcher Kantonalbank, Bahnhofstrasse 9, 8001 Zürich, department VRIS or by way of e-Mail address documentation@zkb.ch.
Title Universe	The Title Universe consists of Equities. The current composition of the Underlying can be requested free of charge by email at documentation@zkb.ch or by telephone on 044 292 60 65.
Rebalancing	The Investment Manager rebalances the portfolio composition based on its qualified evaluation of the market. The Investment Manager considers only Underlying Components which provide sufficient liquidity and tradability. The Rebalancing is based on net prices of the Underlying Components (average of the net prices (see below) of the Underlying Components converted into the basket currency by the Issuer). The rebalancing period may be prolonged by the Issuer due to limited tradability. At the Rebalancing dates, the Investment Manager can either perform a full or no FX hedge of the underlying basket against the certificate currency CHF for the next periode.
Issuer	Zürcher Kantonalbank, Zurich
Rating of the Issuer	Standard & Poor's AAA, Moody's Aaa, Fitch AAA
Lead Manager, Paying Agent, Exercise Agent and Calculation Agent	Zürcher Kantonalbank, Zurich
Investment Manager	Globalance Bank Ltd., Zurich As a bank within the meaning of the Swiss Federal Act on Banks and Savings Banks (BankG; SR 952.0) and a securities firm within the meaning of the Swiss Federal Act on Financial Institutions (FinIAG; SR 954.1), Globalance Bank Ltd. is subject to the prudential supervision of FINMA, Laupenstrasse 27, CH-3003 Bern, https://www.finma.ch. The Investment Manager may not only act as Investment Manager in relation to the Underlying and, where applicable, as distributor of the structured product, but also as asset manager or financial advisor in relation to the investors in the structured products. This may lead to potential conflicts between the interests of the investors and the interests of the Investment Manager. The Investment Manager has taken all necessary measures to avoid such potential conflict of interest or, if such avoidance is not reasonably possible, will disclose such conflict of interest to the investors concerned.
Sustainability Characteristics	This product is classified as a structured product without any reference to sustainability in accordance with the Sustainability Framework for Structured Products of Zürcher Kantonalbank. Investors can find the framework at https://zkbfinance.mdgms.com/products/stp/service/documents/index.html

Currency	CHF

Underlying per Initial Fixing Date	**Globalance Intelligence Economy Basket**
Net price of Underlying Components	The fixing of the price of the Underlying components at Initial Fixing, Rebalancings and Final Fixing is generally based on the Issuer's hedging transactions executed in the interest of the Issuer. The net price of the Underlying components corresponds to the (gross) price of the Underlying Components achieved during the execution of the hedging transactions plus any rebalancing fees, transaction costs such as stock exchange and broker fees, taxes and other charges.
Basket Value	CHF 100.00 on Initial Fixing Date
Ratio	1 ZKB Tracker Certificate Dynamic represents 1 Underlying
Dividend Payments	No dividends will be paid out. The dividend as a whole will be reinvested into the structured product in the form of a net dividend. Payments from Korean Underlying constituents will not be considered and will not be distributed to the structured product.
Initial Fixing Date	From 16 November 2026 till 17 November 2026 The Issuer has the right to expand the time period for the Initial Fixing if required by current market conditions e.g. liquidity.
Settlement Date	19 November 2026
Redemption right of the Issuer	The Issuer has the right to redeem the outstanding structured products to any bank working day (Fixing day). On the fixing date, the redemption amount is determined, which is governed by the information under the section Redemption Method. The Issuer has the right to expand the time period for the Final Fixing if required by current market conditions e.g. liquidity. The announcement and thus the declaration of intent to exercise the Redemption right is made with a notice period of 30 calendar days (calculated as the number of calendar days between the day on which the declaration of intent is made and the Fixing date) via the official publication channel of the SIX Swiss Exchange and on the website of Zürcher Kantonalbank. No statement of reasons is required. The redemption will be executed with a value date of 5 bank working days after the Fixing date (Redemption Date).
Right to return of the Investor	In addition to the possibility of selling the structured products in the secondary market, the investor has the right to return the product on any bank business day (Fixing date). On the Fixing date, the Redemption amount is determined, which is governed by the information under the section Redemption Method. The Issuer has the right to expand the time period for the Final Fixing if required by current market conditions e.g. liquidity. The declaration of intent to exercise the Right to return must be received no later than 30 calendar days before the respective Fixing date (calculated as the number of calendar days between the date of receipt of the declaration of intent by Zürcher Kantonalbank and the Fixing date) and must be sent to the following address: by letter post to Zürcher Kantonalbank, Sales structured products, IHHV, P.O. Box, 8010 Zürich or by email to derivate@zkb.ch. The repayment will be executed with a value date of 5 bank working days after the Fixing date (Redemption Date). Should the structured products of the Investor be deposited in a custodian bank, the Investor needs additionally and in due time advise/inform his custodian bank according the notice of redemption.
Initial Fixing Level	From 16 November 2026 till 17 November 2026, average net price of the Components of the Underlying on a best effort basis.

Redemption Method

On Exercise Date, investors receive for every certificate 100% of the Underlying. The net asset value is calculated using the following formula on each trading day t:

$$IW_t = IW_{t-1} + IW_{t-1} * \sum_{i=1}^{n}\left[w_{t-1}^{i} * \left(\frac{BW_t^i - BW_{t-1}^i}{BW_{t-1}^i} * \left(1 + H_{t-1}\left(\frac{FX_t^i}{FX_{t-1}^i} - 1\right)\right) + H_{t-1} * FXRoll_{t-1,t}^i\right)\right] \text{ - Fees}$$

Where:

IW_t	Intrinsic value on trading day t (IV_0 = CHF 100.00)
n	Number of Underlyings
w_t^i	Weight in % of Underlying i at time t
BW_t^i	Price of Underlying i at time t
FX_t^i	Price of the currency of Underlying i at time t
$FXRoll_{t-1,t}^i$	Net interest income / interest expense in % of FX Rolls between time t-1 and t in the currency of underlying component i
H_t	The Investment Manager decides at every rebalancing date whether the currency hedge should apply to the entire size or not. Therefore, the value of Ht is 1 when the FX hedge is activated and 0 when it is deactivated.

Negative interests could be charged on any potential Cash Components (reference interest rate of the respective currency). This has a negative impact on the value of the structured product.
If capital events that were unknown at the time of issue take place during the life of the ZKB Tracker Certificate Dynamic, they shall be taken into account by adjusting the weighting of the affected Component of the Underlying accordingly.

Listing

Application to list on the SIX Swiss Exchange will be filed, planned first trading day will be 19 November 2026.

Secondary Market

Under normal market conditions, Zürcher Kantonalbank intends to provide bid and/or ask prices for this product on a regular basis. There is no obligation to provide corresponding liquidity. The non-binding indicative quotes can be found at www.zkb.ch/finanzinformationen.

Annual Fee

0.70% p.a. The Annual Fee will be charged based on the value of the structured product and is pro rata temporis included in the trading price. Of the Annual Fee, the Issuer receives 0.25% p.a. and the Investment Manager receives 0.45% p.a. for their relevant duties.

Rebalancing Fee

For each Rebalancing, a flat Rebalancing Fee of 0.10% of the traded gross transaction value is charged to the Product. The Rebalancing Fee accrues to the benefit of the Issuer and is always levied in addition to any Transaction costs that may apply.

Transaction costs

At the Initial Fixing, Rebalancing or Final fixing of the Product, the transaction costs actually incurred in the execution of the transactions, such as stock exchange and broker fees, taxes and other charges, are charged. Detailed information on the exact transaction costs is available on request from the Issuer or Lead Manager.

Key Elements of the product

In terms of value, buying a ZKB Tracker Certificate Dynamic is equivalent to buying the Underlying less any Fees. A single, low-cost transaction gives investors the opportunity to participate fully in the performance of the Underlying. Dividend Payments of underlying components in the basket are paid out to the investor by means of Dividend reinvestment in the Underlying. Redemption is based on the weighted value of Underlying components on the Fixing Date.

Taxes	The Issuer reports the taxable factors (change to previous year's value) divided in the components income and capital gain to the Swiss Federal Tax Administration on 31 October each year. The income part is subject to Swiss income tax for private investors with Swiss tax domicile as per reporting date. The capital gain part is not subject to Swiss income tax. The product is not subject to Swiss withholding tax. The Federal securities transfer stamp tax is not levied on secondary market transactions. This product may be subject to additional withholding taxes or duties, such as related to FATCA, Sect. 871(m) U.S. Tax Code or foreign financial transaction taxes. Any payments due under this product are net of such taxes or duties. The information above is a summary only of the Issuer's understanding of current law and practice in Switzerland relating to the taxation of structured products. The relevant tax law and practice may change. The Issuer does not assume any liability in connection with the above information. The tax information only provides a general overview and can not substitute the personal tax advice to the investor.
Documentation	This document is a non-binding English translation of the Final Terms (Endgültige Bedingungen) published in German and constituting the Final Terms in accordance with article 45 of the Federal Act on Financial Services (FinSA). The English language translation is provided for convenience only. The binding German version of these Final Terms together with the applicable Base prospectus of the Issuer for the issuance of structured products approved by SIX Exchange Regulation ltd (together with any supplements thereto, the ''Base prospectus'') constitute the product documentation for the present issue. The performance of the ZKB Tracker Certificate Dynamic is analog to the performance of the Underlying less any Fees. Therefore, the investor may suffer a partial or total loss. Any fees are not included in the table above.

The figures in the table above are valid after Year 1 only and cannot be considered as a price indication for the present structured product during its lifetime. During the lifetime of the structured product, additional risk factors emerge which have a decisive influence on the value of the structured product. The price quoted in the secondary market can differ substantially from the table above.

3. Material Risks for Investors

Issuer Risk

Obligations under these structured products constitute direct, unconditional and unsecured obligations of the Issuer and rank pari passu with other direct, unconditional and unsecured obligations of the Issuer. The value of the structured product does not only depend on the performance of the Underlying and other developments in the financial markets, but also on the solvency of the Issuer, which may change during the term of this structured product.

Specific Product Risks

Structured products are complex financial instruments, which entail considerable risks and, accordingly, are only suitable for investors who have the requisite knowledge and experience and understand thoroughly the risks connected with an investment in these structured products and are capable of bearing the economic risks.
ZKB Tracker Certificate Dynamic is an investment product whose price fluctuates to the same degree as the Underlying less any Fees. Depending on price trends, the price of a ZKB Tracker Certificate Dynamic could fall below the Issue Price. The risk profile of the ZKB Tracker Certificate Dynamic corresponds to that of the Underlying. The ZKB Tracker Certificate Dynamic is denominated in CHF. If the investor's reference currency differs from the CHF, the investor bears the risk between the CHF and his reference currency.

4. Additional Terms

Modifications

If an extraordinary event as described in the base prospectus occurs in relation to the Underlying/a component of the Underlying or if any other extraordinary event occurs, which makes it impossible or particularly cumbersome for the Issuer, to fulfill its obligations under the products or to calculate the value of the products, the Issuer shall at its own discretion take all the necessary actions and, if necessary may modify the terms and conditions of these products at its own discretion in such way, that the economic value of the products after occurrence of the extraordinary event corresponds, to the extent possible, to the economic value of the products prior to the occurrence of the extraordinary event. Specific modification rules for certain types of Underlyings stated in the base prospectus shall prevail. If the Issuer determines, for whatever reason, that an adequate modification is not possible, the Issuer has the right to redeem the products early.

Market Disruptions

Compare specific provisions in the base prospectus.

Substitution of Underlying

During the term of the structured product, changes in or substitution of the Underlying by the Calculation Agent can occur. In this case, it cannot be ruled out that such changes or substitutions will negatively affect the value of the structured product. Likewise, it cannot be ruled out that in the case of a structured product based on an index that changes in the composition of the index as a result of change or substitutions in respect of individual index components, for example, as a result of the withdrawal or addition of individual securities, may negatively influence the price of the index and accordingly the value of the structured product.

Prudential Supervision	As a bank within the meaning of the Swiss Federal Act on Banks and Savings Banks (BankG; SR 952.0) and a securities firm within the meaning of the Swiss Federal Act on Financial Institutions (FinIAG; SR 954.1), Zürcher Kantonalbank is subject to the prudential supervision of FINMA, Laupenstrasse 27, CH-3003 Bern, https://www.finma.ch.
Recording of Telephone Conversations	Investors are reminded that telephone conversations with trading or sales units of Zürcher Kantonalbank are recorded. Investors, engaging in telephone conversations with these units provide their tacit consent to the recording of their conversations.
Further Information	This document constitutes neither an offer nor a recommendation or invitation to purchase financial instruments and can't replace the individual investor's own judgement. The information contained in this document does not constitute investment advice but is intended solely as a product description. An investment decision should in any case be made on the basis of these Final Terms and the base prospectus. Particularly, before entering into a transaction, the investor should, if necessary with the assistance of an advisor, examine the conditions for investment in the product in consideration of his personal situation with regard to legal, regulatory, tax and other consequences. Only an investor who is aware of the risks of the transaction and has the financial capacity to bear any losses should enter into such transactions.
Material Changes	Since the end of the last financial year or the date of the interim financial statements, there have been no material changes in the assets, financial or revenue position of the Issuer.
Responsibility for the Final Terms	Zürcher Kantonalbank, Zurich, assumes responsibility for the content of these Final Terms and hereby declares that, to its knowledge, the information contained in these Final Terms is correct and no material circumstances have been omitted.
